# GET PROTECTION

## PREMIUM STEEL BULLBARS

Opposite Lock premium steel bars are designed and engineered in Australia to give your vehicle the protection it deserves. Available in three styles: post, triple loop and single loop, our bars are finished with a black matte powder coat and can be colour coded to match your vehicle. All of premium steel bars feature:

All our premium steel bars feature:

- Recessed LED indicator lenses
- Clearance to allow for the inclusion of driving lights
- Three CB aerial mounts
- Protection plate
- Low mount winch provision
- Hi-lift jacking points
- Heavy-duty over-riders

## STEEL SIDE RAILS AND STEPS

Navigating a bush track or steering through a supermarket carpark, our premium steel side protection help prevent damage to side panels, and can assist you in getting in and out of the vehicle.

## REAR STEP TOW BAR

Protect your vehicle's rear-end than with an Opposite Lock Rear Step Towbar. Built tough using 63mm premium steel tubing, steel plate, aluminium checker plate and finished off with matte black powder coat so it's tough and easy to clean, plus you can colour match it if you want to take it up a notch.

# SPECIAL OFFER

**Buy an Opposite Lock Premium Steel Bar and a KingOne Winch and receive a free Opposite Lock Lighting Kit worth \$1400 RRP.**

**The lighting kit includes a pair of Opposite Lock Adventurer Series 7" or 9" LED Driving Lights, Clear Covers, Driving Light Loom, Pair of Lock Nuts**

# SPORTS RACKS

Opposite Lock Sports Racks have:

- Dynamic load rating of 100kg
- A replacement stop lamp for applicable vehicles
- Mounting points for work/rear lights and sand flags
- Tray large enough for a 35 inch tyre

# SPECIAL OFFER

Get 4 x Opposite Lock Adventurer Series 30W LED Flood Lamps when you purchase an OL sports rack. Valued at \$359 RRP.

# DON'T BE LEFT IN THE DARK

## OPPOSITE LOCK LIGHTS

The Opposite Lock Adventurer Series lighting range has been designed with features that off-roaders and everyday drivers demand in high quality performance lighting, but with your everyday budget in mind.

The entire product range features:

- **Multi-voltage 10-30V DC input and complete electrical and radio interference protection** – *for maximum flexibility in installation and use*
- **Waterproof DT Deutsch connectors and 304 stainless steel hardware** – *for long lasting product durability*
- **Nationwide 5 year warranty** – *for complete piece of mind driving*
- **Super low current draw and 50,000 hour LED lifespan** – *for efficient operation.*

## ULTRAVISION

An Australian based manufacturer producing LED lighting for extreme environments focusing on recreational and heavy industrial applications. By manufacturing in Australia they have total control over the quality and output of the lights giving them the confidence to offer a 5 year warranty, irrespective of the environment. As a result, the products have become favourites in the Australian 4x4 scene.

When you choose Ultra Vision lights you get peace-of-mind, especially when travelling to the remote spots of Australia and all the challenges that go along with visiting the beautiful yet unforgiving outback environment.

## SAFARI

Pioneered in Australia in the early 1980s, Safari Snorkels were born out of a need to protect 4WD engines from the hazards of dust and water commonly encountered in touring and off-road applications. For the ultimate product reliability, Safari Snorkel Systems are researched, tested and tooled in Australia. The systems are manufactured to the highest standards in durable, UV stable, polyethylene material and deliver a continuous and cooler supply of air for maximum engine performance whether you are crossing a river and heading down a dirty desert track.

## LIGHTFORCE

Based in Australia, Lightforce equipment is tested in one of the harshest environments in the world. Lightforce continues to build its global presence by serving those who value innovation, performance and design. When you choose Lightforce, you'll see more adventure, master your environment and you can extend your day. With more than 35 years experience in the field of precision manufacturing, Lightforce has forged an international reputation as the world's leading manufacturer of innovative 12/24-volt professional lighting equipment and tactical rifle scope optics.

Lightforce now exports to more than 50 countries, supplying products that are designed and manufactured to deliver performance in the most hostile conditions. From the frozen Arctic tundra to the scorching heat of the Australian Outback, Lightforce products are built to go the distance.

The core range of products available from Lightforce includes:

- Hybrid driving lights
- LED driving lights
- LED bars
- HID driving lights
- Halogen driving lights
- LED Utility lights
- Genuine accessories
- Portable lighting and more

# STAY CONNECTED

# BONUS

Purchase any GME XRS  
UHF unit or pack and  
get an XRS thermal cooler  
and XRS cooler bag

## UHF RADIOS

UHF communication technology has become more advanced and affordable in recent years, and there are a lot to choose from. Will a handheld unit do the trick or should you be looking at an installed unit? A visit to your local Opposite Lock store and a chat with the experts about the right option is just the ticket.

### GME XRS

### UHF RADIOS

## GME UHF ANTENNAS

Selecting the correct antenna for your 4x4 is just as important as selecting the right radio. Opposite Lock stocks a great range of antennas, antenna whips and mounting brackets from some of the best in the business including Uniden and GME. If you need it, we've probably got it!

# THE STORAGE SOLUTION

## MSA 4X4 EXPLORER STORAGE SYSTEM

The Explorer Aluminium Storage Drawer System has passed all the requirements prescribed by the ADRs and AS/NZS, without any structural weaknesses or degradation of the system to the extent that it would affect the safety of the vehicle occupants or other road users.

Designed from the ground up to establish the way a quality 4WD storage system should be.

100% aluminium construction with anodised aluminium components. Super strong, lightweight and lifetime corrosion resistance.

The unique patented “pro-glide” slide runner system and sealed bearings allow for 100% drawer extension & access. The entire drawer comes out further than the frame! No hard to reach items in our drawers and no unpacking of contents to reach items at the back!

## MSA 4X4 FRIDGE DROP SLIDES

is better suited sideways, the Side Drop Slide allows for unrestricted access to your fridge, toolbox or generator at a safe level with ease, before raising the slide in one very light and easy motion back into its stowed position!

4 sizes available

## MSA 4X4 FRIDGE BARRIER

Store your accessories safely and securely around the fridge barrier and at the same time, protect your fridge from any loose gear. No more unpacking the car to access your fridge!

16 sizes available

- Automatic external double tapered brake

# GOT YOU COVERED

## GET A BONUS T-LIFT! WHEN YOU PURCHASE A SMM SAMMITR CANOPY

The SMM T-Lift is a great addition to your SMM Sammitr canopy and works by slowing the movement of your tailgate as it lowers, and assisting with the lifting action when you close it - simple! Valued at \$249 RRP.

Canopies give you the best of both worlds and extra flexibility, whether you use your ute for work or play, by offering additional storage and increased protection to your gear from weather and by letting you lock it up when you aren't there.

Sammitr is a family owned company specialising in the production of steel canopies. With a commitment to quality assurance and R & D investment, Sammitr is known for their innovative and superior products that have lead to them being selected as an Original Equipment Manufacturer for some of the world's best known vehicle manufacturers. With the strength of steel and the flexibility of a roof rack and rail options the canopies are rated to 100kg dynamic and 400kg static weight limit, meaning you carry that extra gear without reinforcing the canopy.

All SMM Canopies are packed with features including an interior light and internal door release and carry a three year limited warranty for peace of mind. With a product range to suit Australia's favourite utes, you are sure to find a product that works for you.

### SMM TRADESMAN CANOPY

The ultimate canopy for tradies is the SMM Tradesman. An ideal addition for fleet vehicles, it can be tailored to meet your specific needs and comes installed with all the base features of the SMM canopy range.

### SMM V2 CANOPY

A mid-range canopy that combines features with value. All V2 canopies come with remote central locking rear door, fully lined interior and rear demister. For the ultimate flexibility V2 canopies are available with solid sides and sliding or lift-up window.

# YOU'RE SUSPENDED

# 10% OFF TOUGH DOG SUSPENSION

#### COMPLETE SOLUTIONS

Setting up a 4WD suspension system isn't all about the added gains on the tape measure. Tough Dog products are specifically designed and engineered to deliver a complete suspension solution, not only for off road clearance, but for ride quality, handling and load carrying capabilities as well.
